

HEADGEAR/HATS/HEADRESSES

Jeanette Sendler

Jeanette Sendler uses her background in theatre and opera design to create exciting, sculptural headgear using felt, natural materials, sewing, bones and knitting. Each collection is based around a theme taken from the places she has recently visited, including Shetland and Mongolia.

She also creates tapestries and sculptures using felt, text and found objects, often in collaboration with the young people at schools she runs workshops at.

Check out www.sendler.co.uk and www.hatwalk.co.uk for more info and images of Sendler's and other milliners' work.
